PRODUCT SPECIFICATIONS RX 100 Air / Magetic Rower

MRP: 170500.00 Code: 42800

The RX 100 rowing machine has a double resistance system. Because of this RX-100 gives the exact rowing experience and quality as the heavy air rowing machines in the gym. The heavy air system creates the base resistance and natural rowing experience. The magnet system creates the extra exercise resistance. Ergonomic grip for added comfort. With a nice touch, you can open and close the ventilation of the air resistance as desired.
