X 21 Cross Trainer

Code: AVUS-10411BT

MRP : 87800.00

The X-21 Cross Trainer allows you to build muscular and cardio endurance without having to put impact strain through sensitive joints. The rear-drive 10 kg flywheel is efficient at storing kinetic energy, which in turn maintains momentum and creates a smooth, quiet elliptical motion. You can easily adjust the intensity of your workout by using the quick 24 levels of electronic. No need for a power adapter, self-generating motor. With a stride length of 38 cm / 15", the X-21 is suitable for all user heights and comes fitted with high-grip footplates along with dual-action & fixed handlebars. Integrated speakers with Bluetooth connectivity - workout to your favourite tracks and movies.
